

THE SUNDERING CONTINUES!

This special event launches the next season of D&D Encounters™ with a special version of the introduction to the official adventure *Legacy of the Crystal Shard*™. Players create characters and play through the setup to the adventure available on store shelves. Once they've finished, have them return on Wednesday to begin weekly play with D&D Encounters!

PLAY IT YOUR WAY

This event supports play of the following editions of D&D® rules: 3rd Edition (v.3.5), 4th Edition, and D&D® Next. Simply let your Dungeon Masters know about the options before the season, and then each group or DM can decide which supported edition they'd like to play or run.
